

Forestry Pilot

Forestry Pilots are responsible for suppressing wildfires from the air upon the direction of local agencies. They may also pilot different types of aircraft to complete various missions, such as forest protection, fire reconnaissance, aerial photography, passenger and supply delivery, and other aerial support requested by state and federal agencies. In addition to their flying duties, Forestry Pilots are expected to assist with aircraft maintenance.

Other job titles include: Helicopter Pilot, Commercial Pilot & Charter Pilot.

Education & Training

Most occupations in this zone require training in vocational schools, related on-the-job experience, and special licenses.
