

Cabinet Maker

Cabinetmakers are skilled professionals who construct, repair, and install wooden cabinets, furniture, and fixtures. They can work for custom furniture manufacturers, construction companies, and cabinetmaking contractors, or may choose to be self-employed. To excel in this field, one must have expertise in cutting, shaping, and assembling wooden articles, as well as setting up and operating various woodworking machines like power saws, jointers, and mortises.

Other job titles include: Cabinet Assembler, Cabinet Installer, Framers, Woodworker.

Education & Training

These occupations usually require a high school diploma.
